MURDER MYSTERY IN A CONSULT- ING ROOM.

Doctor's Wife Arrested.

Strange Development.

FUGED (Long Island), July 8.
Mrs. Carman, the wife of Dr. Carman,
has been arrested in connection with the
murder of Mrs. Bailey, who was shot
in mysterious circumstances while in Dr.
Carman's consulting-room.

Mrs. Carman will plead not guilty.
Her examination has been fixed for
Monday.

The arrest followed the closing of
the inquest shortly before noon, and a review
by the coroner of the whole of the evi-
dence given in its course. It was largely
upon the advice of the District Attorney,
who has been assisted in his investiga-
tions by the detective, Mr. Burns, that
the arrest was made.

One of the most sensational of the
new developments is a story brought to
the District Attorney, to the effect that
the woman who committed the murder
hired a so-called "gunman," or armed
hooligan, from New York to assist her,
paying him \$50 to stand by and help
by carrying away the revolver, although
the woman fired the fatal shot herself.

This statement was made by an alleged
friend of the gunman, who told the Dis-
trict Attorney that he was willing to give
evidence in accordance with the above
statement.

Mrs. Carman was committed by the
coroner direct from her own home to the
county gaol, and was conveyed
thither immediately by sheriff, in a
motor-car. She was accompanied by her
husband. A crowd surrounded the Car-
mans' residence as soon as news of the
proceedings got abroad. The lady took
her arrest with comparative calm.

At first on arriving at Minicelli Gaol
she seemed about to collapse. She was
taken to the rear entrance and at once
assisted to a cell. She wore a heavy
veil. Before she left her home she said
to her husband, "I am prepared to meet
the charges. You need have no fear."

According to the wording of the war-
rant Mrs. Carman is detained to "an-
swer the murder of Mrs. Louise Bailey."

The most important witness at the
inquest to-day was the insurance agent
named Ordes, who testified to being at
the Carman's house on the evening of
the shooting and to having heard a noise
of breaking glass, followed by a pistol
shot.—Reuter.

AVIATOR'S ESCAPE.

A Thrilling Experience.

In the fading light of July 8th, Mr.
and Mrs. Burnside narrowly escaped
death when the motor of the hydro-
aeroplane in which they were travelling
suddenly stopped, and they hung for a
moment at a height of 8,000ft above the
jagged rocks which form the right bank
of the River Hudson near New York.
The hydro-aeroplane was a big 90 h.p.
machine, and when the spectators saw
it, it and waver, as if it were going to
collapse and, stop backward, they ex-
pected to witness a horrible calamity.
Happily, Mr. Burnside is a man of iron
nerve, and just as the nose of the hydro-
aeroplane seemed headed straight for
the rocks he gave the lever a wrench,
righted the flyingboat, and then volplaned
at a terrific speed to the river below,
missing the rocks only by a few yards.
The spectators looked to see it sink
out of sight. Instead it sent up a spray
of spray, and then bounced on the water
like a skipping pebble, until finally it
came to a halt, and then began to drift.
Motor-boats raced to the rescue, and in
a few minutes Mr. and Mrs. Burnside
were on their way to their home, travel-
ling now by rail.

Mrs. Burnside seemed more elated
than scared. "It was so exciting. I
didn't have time to get afraid," she
said. "At a moment like that you
forget to be frightened. My one thought
was a sort of vague hope that we would
get back to earth whole. I could see
my husband thought we were in a pretty
bad pickle, but he brought us down
safely, and made a beautiful landing. I
didn't get a bit wet. It was the greatest
thrill I've ever experienced."

A Natural
RemedyTime was when disease was thought to be due
to the direct influence of evil spirits, and exorcism
and magic were invoked to cast it out.Science has taught us wisdom. The evil
spirits exist still. We call them "Disease
Germs," and they also must be cast out. Once
lodged in the stomach or intestines, fever with
its hallucinations, or biliousness with its aches
and pains, is the result.ENO'S
FRUIT SALTis the approved remedy for driving out disease
germs. Its action is quick and thorough. It
clears the intestines, rouses the torpid liver to new
life, stimulates the mucous membrane to a healthy
action, and cleanses and invigorates the whole
digestive tract.It may be safely taken at any time by young
or old.It is very effective in the early stage of Diarrhea
by removing the irritating cause.Be prepared for emergencies by always keeping
a bottle in the house.

GENTLEMEN V. PLAYERS.

PROFESSIONALS WIN EASILY.

Amateur, Batmen Collapse.

Good Bowling.

(By Major Philip Trevor in "The
Daily Telegraph" of July 13).

Players won by 241 runs.

Gentlemen 1st Inn. 227; 2nd Inn. 302
for 6 wickets. (Inns. dec. closed).Gentlemen 1st Inn. 237; 2nd Inn. 151
(Last session the match was drawn).Much to the disappointment of a large
Saturday afternoon crowd, the Gentle-
men and Players match at the Oval had
a tame finish, the Players winning as
easily as a quarter past four by 241 runs.The collapse of the Amateurs in their
second innings caused surprise as well
as disappointment. It was not ob-
servable, when after lunch on the third
day they began their task of getting 302
runs in four hours, that there was any-
thing at all the matter with the pitch.
That they would be able to score at the
rate of 100 runs an hour against the
bowling opposed to them no one ex-
pected. In the circumstances, only
J. Spooner could have won the match for
them, and even the most out-and-out
admirers of the great hitter did not dare
to expect of him a phenomenal perfor-
mance. As a matter of fact he failed,
and so did other men with big reputa-
tions.The collapse seen was the more dis-
appointing because Spooner and Robin-
son started well enough. Spooner again
made the bowling look easy, and five
and thirty runs were got in less than
half an hour. Then, Hayes ordered
Jeeves to change ends and substituted
Hearne for Hitch. Subsequently the
Gentlemen never looked like making a
fight of it, and the fall of the first wicket
proved to be the beginning of the end.
A little plucky and confident hitting by
Kirk and Falcon came too late to be of
any use, and, though it was good to
watch, it was never suggested that it
would have any influence on the result
of the game. That the Players were in
so happy a position at lunch time was
mainly due to more good batting by
Hobbs and Woolley. The fine display
given by the best batsman in England
lasted from four o'clock on Friday after-
noon to half-past one on Saturday. One
change only did he give, and though
he did not score quite so fast as usual, the
innings was well worthy of the man who
played it.

WOOLLEY'S GREAT FORCE.

Woolley is evidently in great form
again, and the value of a ball bowled
may be well judged by his treatment
of it. Very severely does he test the
length of the best of bowlers. Both
Hearne and Jeeves bowled admirably,
better even than their figures would
suggest. Their opponents tried hitting
and defensive tactics against them with
an equal lack of success. Mann and
Jeeves dashed in to hit the balls from
Hearne which bowled them. Fender
tried to take a liberty with what he
clearly thought was an ordinary long
hop, while the famous young profes-
sional got his county captain in two
minuts. For Jeeves the match was an
even greater success, and everyone who
saw him bowl in both innings was more
than agreeably surprised. His length
was extraordinarily good, and he made
the ball whip very quickly off the ground.
Sundrick, supported him admirably,
and made two capital catches, one high
up and the other low down.From every point of view the match
was a disappointment for the friends of
the Amateurs. They began it with some
fine bowling, and wonderful catching,
and got the three best batsmen in Eng-
land out for a dozen runs. Then they
made mistakes of sorts which allowed
Gunn and Woolley to improve the pro-
fessional position and finally they were
powerless to stop No. 10 and No. 11 on
the batting list from doing what they
liked with the bowling. Still, Spooner,
Robinson, and Fry started them well,
and then they again did their best.

THE WAR.

From all sources it is evident that
the German reverses continue. The
Belgian and French troops have, so
far, completely eclipsed the ap-
parently much over-rated German
troops, having easily driven them
back, both in aggressive and de-
fensive movements. Not only have
the French driven the Germans
from French territory, but they have
occupied a considerable portion of
Alsace. This has, naturally, been a
source of much jubilation to the
Alsatians, as on numerous occasions
since the province was annexed by
Germany at the close of the Franco-
German war the Alsatians have
shown an unmistakable preference for
the French. Though they have been
unable to prevent their universities
occupying Liege, the Belgians have
erected terrible barriers amongst both
German cavalry and infantry andare still fighting in the vicinity
of the frontier with wonderful
skill and pertinacity. In fact at all
points, according to the telegrams,
the Germans are being badly beaten.
No news has yet come to hand of the
British expeditionary force's arrival
on Belgian soil, but the probability is
that they have long since set out and
soon we ought to have a joint move-
ment of the Belgians, French and
British. The Germans judging by
the tone of the Kaiser's telegram,
are by no means undaunted by the
reverses, and doubtless will endea-
vour—armistice or no armistice—to
extricate themselves from the ter-
rible predicament in which they
now find themselves. The latest
telegram shows that their fleet is
active and that the submarines at-
tempted to attack one of the cru-
iser squadrons of the British main
fleet. They met with no success
and one of their submarines was
sunk. So far everything is moving
most satisfactorily for those who
entered the conflict impelled by
an hostile aggressiveness that had to
be curbed.

SOCIAL AND PERSONAL.

A correspondent in the N. C. Daily News
writes that Shanghai should offer a
British contingent to assist in the defence
of Hongkong.The three sons of the President of the
Chinese Republic, who are being educated
at Cheltenham College, were to have
left on July 18 for Peking, where they
will spend the summer vacation.The death in Shanghai is announced
of Dick Daly, who was well-known in
Hongkong for a number of years. He
started and ran the famous restaurant
on the West Road called the "Old Grill
Room" for considerable time before he
died in Shanghai.

A CONTRACTOR'S CLAIM.

Point At Issue Nearly Forgotten.

The hearing was resumed in the Sup-
remacy Court this morning of the claim of
Hui Yick firm, No. 14 Colborne Street,
contractors, against the Pak Shing firm
and Lai Loong and the managing party
thereof, of 42 Circular Pathway for the
payment of \$422 for work done and ma-
terials supplied.Mr. Dixon, and Messrs Wilkinson and
Grist, were for the plaintiff, and Mr. Lewis,
of Messrs. Johnston, Spicer, and Master
defended.Mr. Justice Hazeldine said he had almost
forgotten the point he was to decide
between the two parties. He said he had
found himself in a similar predicament.
The plaintiff claimed in work done and
materials supplied and the counter claim
was for damage done to the plaintiff's
premises by the work done by the defendant.
The plaintiff claimed in work done and
materials supplied and the counter claim
was for damage done to the plaintiff's
premises by the work done by the defendant.Mr. Dixon observed that the responsible
party was the Pak Shing firm.
A member of the Pak Shing firm of con-
tractors giving evidence mentioned he also
carried on business as an eye doctor. He
did not know the Pak Shing had carried
on business in the Pathway for ten
years and he did not know that
Koo Yung was a partner in the firm for
ten years except that he had collected
money and given prices.Mr. Lewis remarked on receiving a
certain answer from witnesses, that it was
obviously untrue.
Mr. Dixon: My friend cannot make
observations like that; that is a most
primitive way of conducting a case
(laughter).
The hearing was adjourned.

TEETHING CHILDREN.

TEETHING children have more or less
diarrhoea, which can be controlled by
giving Chamberlain's Colic, Cholera and
Diarrhoea Remedy. All that is necessary
is to give the prescribed dose after each
operation of the bowels, more than natural,
and then castor oil to cleanse the system.
It is safe and sure. Even the most severe
and dangerous cases are quickly cured by
it. For sale by all Chemists and Foreign
Druggists.

NEWS OF THE DAY.

LOCAL AND GENERAL.

A fishing junk owner was fined \$125
for being in possession of an old-type re-
volver and six sticks of dynamite.As announced on page 8 of this issue
Mr. H. S. Playfair has taken over the
agency of the Liverpool, London and Globe
Insurance Co. The concern will now be
entirely under British control.A Chinese was arrested on Queen's
Road West last night after he had bitten
a Chinese girl through the ear. Prisoner
himself showed signs of a severe struggle,
appearing with a discoloured eye. He
complained he had been badly assaulted
and Mr. Wood remanded the case for
Inspector O'Sullivan to make inquiries.The British authorities at Hangchow
on the 2nd inst. refused to allow the
German re-entrants, who are leaving for
Sungao, to travel by Messrs. Jardine,
Matheson and Co.'s steamer. Thirteen
German re-entrants who had engaged
passages for down the river upon the
(British) T.S. Kutun were turned off by
St. William Wilkinson, British Consul-
General at the vessel was leaving.This afternoon five coolies employed
at the Naval Yard were charged with dis-
orderly conduct. It appears that on
Saturday the men were engaged in draw-
ing stores for submarine 005, and they
agreed to work overtime if necessary.
Deputy Superintendent King said he
was satisfied that the defendants had
worked hard all the day, and thought it
would be sufficient if the men were dis-
charged.
Mr. Wood discharged the defendants.The departure of the German re-entrants
at Shanghai for Tientsin was witnessed by
big crowds at the Railway Station. On
the 1st inst. about 150 of the first reserve
left, the train steaming out to the accom-
paniment of the singing of "Wacht am
Rhein" and other patriotic airs. Many
ladies were present on the platform and
a speech was delivered by Mr. C. Fink.
On the 2nd inst. it was anticipated that
about a hundred men would leave but
during the afternoon this order was can-
celled and only six men boarded the train
for Tientsin, the half dozen including two
of the German doctors. Other groups left
on the 3rd and 4th inst.

A NEW MOTOR BOAT.

Messrs W. S. Bailey and Co. Ltd., have
handed over the motor boat "Boston,"
built by them to the order of the Standard
Oil Co. of New York.The vessel, which is 42 feet in length, is
of oak, with raised cabin and shade deck
she is fitted with a 26 h.p. Kelvin Motor
and attained on her trial a speed of 14
knots on an extreme draft of eighteen
inches only.

HONGKONG'S RAINFALL.

The following table gives the monthly
rainfall at the Observatory to the end of
July with the means and extremes for
30 years:—

	1914	Mean.	1884-1913.
January.....	0.00	1.44	8.43
February.....	3.24	1.69	7.95
March.....	1.19	2.99	11.49
April.....	4.46	5.51	14.89
May.....	12.62	11.71	48.84
June.....	12.37	13.82	34.37
July.....	25.30	15.53	28.24

The year's rainfall to the end of the
month amounts to 61.04 inches, the 30
years mean for the same period being 57.37
inches.

HONGKONG NOTES.

(From Our Own Correspondent.)

Hongkong, Aug. 6.

EFFECT OF WAR.

The effect of the war news felt almost at
once at Hongkong. On August 2nd two
German steamers came into this harbour,
and instead of continuing on their course
to Yankin after their cargoes were
discharged they left port. It is reported,
with sealed orders, that they have
gone to Manila, and that there they
will be transferred to the American
flag. To see a steamer carrying the
American flag enter this port will be
something new in the history of the place.

RISING IN THE INTERIOR.

There are reports of an uprising in the
interior of the island. All the time of the
revolution there was considerable fighting
between the traders and gentry near Nam-
lu market in the Deng and district. The
food was suppressed and the contending parties
were dispersed. Now it appears to have
broken out anew and the gentry have sent
soldiers to bring peace to the disturbed
district.

THE SUMMER.

We have had a very warm summer in
Hongkong. The completion of the new ice
plant which is now manufacturing and
selling quantities of ice, will add much to
the comfort of the community.

TOWN ILLUMINATION.

Electric lights illumine a part of the
town. It is to be hoped that the company
which has introduced them may soon
become strong enough to extend the light-
ing to all parts of Hongkong and Kowloon.

THE GERMAN CONSULATE.

The new German Consulate is approach-
ing completion, and the hull has had an
anterior of the masted materials he had
procured for the building. We hear that a
government architect is coming soon to
take over the completed building which is
one of the best erected in Hongkong.

PROCLAMATION.

MILITARY AND NAVAL STORES.

Prohibited Export.

The Government in a Gazette Extra-
ordinary, published a Proclamation on
Saturday prohibiting the export of Mil-
itary and Naval stores to certain places.
The proclamation stated:—
Francis Henry May,
Governor.By His Excellency Sir Francis Henry
May, K.C.M.G., Governor and Com-
mander-in-Chief of the Colony of Hong-
kong and its Dependencies and Vice-
Admiral of the same:Whereas by the third section of the
Military Stores (Exportation) Ordinance
1892 as amended by the Military Stores
(Exportation) Ordinance 1914 it is pro-
vided that it shall be lawful for the
Governor by and with the advice of the
Executive Council by proclamation, to
prohibit for such period as may be there-
in mentioned the exportation of all or
any of the following articles, namely
arms, ammunition, military and naval
stores, and any article which the Gov-
ernor shall judge capable of being con-
verted into arms, ammunition, military or
naval stores, to any country or
place therein named, whenever the
Governor by and with the advice afore-
said shall judge such prohibition to be
expedient in order to prevent such arms,
ammunition or military or naval stores
being used against His Majesty's sub-
jects or forces or against any forces en-
gaged or which may be engaged in mil-
itary or naval operation in co-operation
with His Majesty's forces:And whereas I by and with the advice
afore-said judge it expedient to prohibit
the exportation of the articles hereinafter
mentioned in order to prevent their being
used as in the said Ordinance stated:Now Therefore I Sir Francis Henry
May, K.C.M.G., Governor and Com-
mander-in-Chief of the Colony of Hong-
kong and its Dependencies and Vice-
Admiral of the same by and with the
advice of the Executive Council of this
Colony do by this Proclamation prohibit
for a period of six months from and in-
cluding the 8th day of August 1914 the

Europe and on the Mediterranean and
Black Sea and on the East Coast of
Asia between the twentieth and fortieth
degrees of latitude, with the exception
of those of France, Russia (except the
Black Sea ports) Spain and Portugal of the
following articles which I have judged
capable of being converted into or made
useful in increasing the quantity of arms,
ammunition or military or naval stores
that is to say:—Aluminium, Aluminium alloys, Ar-
mour plates, Armour, quality castings
and similar protective material, Abes-
tes, Cables, telegraph and telephone,

manufactured, Implements and apparatus
designed exclusively for the manufacture
of munitions of war, for the manufac-
ture or repair of arms, or of war material
for use on land and sea, India-rubber
sheet, vulcanised, Manganese, Mercury,
Mica, Mineral jellies, Mines, and parts
thereof, Molybdenum, Nitrates of Am-
monium, Nitrates of Potassium, Nitrates
of Sodium, Nitric acid, Nitrocellulose,
Picric acid and its compounds, Range
finders and parts thereof, Rope, steel
wire, and hawsers, Salt-petre, Sounding
machines and gear, Steam vessels,
lighters and barges of all descriptions,
Sulphur, Sulphuric acid, Swords, bay-
onets and other arms not being fire-
arms and parts thereof, Tin, Tin plates,
Torpedo tubes, Torpedoes, and parts
thereof, Tungsten, Vanadium, Wagona,
four-wheeled, capable of carrying one
ton and over, Two-wheeled carts capable
of carrying fifteen cwt. and over, Hur-
dles and sundries of all kinds, Barbed
wire, Hops and pory shoes, Materials
for telegraph, wire telegraph and tele-
phones, Field glasses and telescopes,
Railway materials both fixed and rolling
stock, Men's marching and shooting
boots, Helicopters, Portable ladders, Pa-
tents, carpenters, wheelers and saddlers'
tools, Glycerine, Alcohol, as covering
rectified spirits, Uniform clothing and
military equipment, Accoutrements,
Walnut wood of scabbard which can be
made into rifle butts and long-arms.Provided that nothing in this procla-
mation contained shall be deemed to
affect in any way the proclamation made
by me under the provisions of the said
Ordinance on the fifth day of August
1914.

By Command,

CLAUDE SEYMOUR,

Colonial Secretary.

EARL KITCHENER APPEALS FOR 100,000 MEN.

LONDON, Aug. 9, 11.40 p.m.
Earl Kitchener has circularised the Chairman of the Territorial
County Associations asking them to co-operate in raising as soon as
possible 100,000 men for the Regular Army.
The men will be accommodated in camps near the existing Regular
Depots.The circular concludes: This is not an ordinary appeal for recruits,
but is for the purpose of forming a Second Army.

FRANCE WATCHING AUSTRIA.

LONDON, Aug. 9, 11.50 p.m.
A telegram from Paris states that France believing that part of the
Austrian mobilisation is directed against the French frontier, the Min-
ister for Foreign Affairs has told the Austrian Ambassador that he wishes
to be informed of Austria's intentions as soon as possible.

LONDON, Aug. 9, 11.50 p.m.

Reuter's correspondent at St. Petersburg states that Russian troops
in Austrian territory by the Valley of Styria are driving the enemy's
advance guards before them.

FRENCH GARRISON IN CONJUNCTION WITH BRITISH CRUISER.

The French garrison at Grandpôle, in Dahomey, acting in conjunc-
tion with a British cruiser, is taking possession of German Togoland.LONDON, Aug. 10, 1.50 a.m.
The Admiralty announces that German submarines yesterday at-
tacked one cruiser squadron of the main fleet.
None of His Majesty's ships were damaged.
One of the enemy's submarines was sunk.

Montenegro has handed the Austrian Minister his passports.

THE BELGIAN TROOPS.

LONDON, August 9.
A telegram from Brussels states that the Belgian army is in an excel-
lent position.
The King reviewed the brigades which participated in the advance on
Liege.
Another telegram from Brussels states that the Belgian army waited
for a night attack, but all was quiet until 2 o'clock in the morning.

VICTORIES IN ALSACE.

Paris despatches report that the French troops crossed the frontier of
Alsace and seized the town of Altkirch, after a fierce battle, and pursued the
retreating Germans, continuing the movement in the direction of Mulhausen
(a commercial and manufacturing town, the principal seat of cotton spinning
in Western Germany). The success of the French troops is described as
extremely brilliant.

AUSTRALIA AND THE EMPIRE.

A message from Melbourne states that the Hon. John Cook, Prime
Minister and Minister for Home Affairs, in a statement to the people of
Australia said: "We must see this through. Whatever the difficulty
and whatever the cost we must preserve the great fabric of British im-
dom. Remember, we are Britons."

The French troops have entered Mulhausen. The people of Alsace-Lorraine are overjoyed at the arrival of the French and they have torn up the boundary marks.

PIERCE BAYONET FIGHT.

An official announcement has been made in Paris of the entry of French troops into Mulhausen. The official announcement says that the French advance guard arrived at Altkirch at nightfall on Friday. The town was defended by a German brigade with earthworks which the French carried after a fierce bayonet fight. The Germans fled in disorder, having lost heavily. The French are in pursuit.

FRENCH PROCLAMATION TO THE ALSATIANS.

General Joffre, the French Commander-in-Chief, in a proclamation says, "Children of Alsace: After forty-four years of sorrowful waiting, French soldiers again tread the soil of your noble country. They are the pioneers in the great work of revenge."

There are great rejoicings in Paris over the first French victory on German soil and fighting gained in Alsace.

ANGLO-AUSTRIAN RELATIONS.

The Austrian Ambassador is still in London. It is understood that the relations between Great Britain and Austria are unchanged pending an act of war on the part of Austria. The ports of Austria are regarded as neutral by Great Britain. This will affect the position of the German cruisers Goeben and Breslau, which are now believed to be in the Adriatic.

Mr. Wood agreed.

THE N.Y.K. COLLISION CASE.

To-day at the Supreme Court Admiralty Jurisdiction, the Acting Chief Justice sitting with Commander Beckwith, R. N., as assessor continued the hearing of the claim by the Nippon Yusen Kaisha as owners of the ship Jinsen Maru against the ship Wing Sang and freight for the sum of \$30,000 for damages occasioned by a collision which took place in the Tathong Channel near Lamong Island on February 14. The plaintiffs also claimed costs of the action. There was counter claim by the Indo-China Navigation Company, owners of the s.s. Wing Sang for damages arising out of the same collision.

Mr. Eldon Potter (instructed by Mr. E. J. Grier, of Wilkinson and Grier) represented the N. Y. K. and Mr. E. H. Sharp K.O. (instructed by Mr. Davidson, of Hastings and Hastings) represented the Indo-China Steam Navigation Company.

The Captain of the Wing Sang, answering Mr. Potter this afternoon, said he saw the bank of fog three quarters of a mile away. With little wind there was no wind sending the fog towards him. He heard four blasts from a steamer in the fog. On hearing the first blast, he did not know which direction the steamer was going at the second blast he assumed the vessel was inward bound. He thought the fog-bound vessel, the Jinsen Maru was observing the fog regulations. It never occurred to him that the Jinsen Maru was at anchor as he heard the blast. He would have anchored in the same circumstances. He thought the vessel would be going at her ordinary speed so long as she could pull up. Witness had no desire to enter the fog at an undue speed. Had he kept on his speed of seven or eight knots there would have been no collision. He slowed his engines at a precautionary measure. He stopped his engines because the "possible danger" increased as the blasts of the other steamer grew louder.

Witness added he was taking his usual course. If he had taken a southerly course there might have been no collision.

The hearing was again adjourned.

TYPHOON WARNING.

The following telegram was received at the American Consulate General from the Manila Observatory at 4.35 p.m. to-day:—Cyclone or Typhoon E. of northeast Luzon, more than 200 miles distant, moving N.W.

THE ITALIAN CONVENT.

At the services at the Catholic Cathedral yesterday, Bishop Pozzani caused his circular to be distributed to the faithful of his vicariate on the "Duties of Citizens in time of War." While the Churches are offering appropriate prayers at all times, under the disciplinary system prevailing in the institution, when the community assemble for devotional exercise, the present appears to offer even more cogent reasons for greater favour on the part of the hundreds of veiled supplicants who on benediction, intercede for the early restoration of peace, besides offering the usual prayers for those who have fallen in battle, for the afflicted and the bereaved, the widows and orphans. In particular, prayers are offered for those who, out of God's merciful providence, have been committed to the governance of the realm and of this Colony, for whose inhabitants strength and fortune are explored in the present hour of trial. The devotion are interspersed with music by the choir, the hymns selected being especially appropriate to the occasion.
